Aiming Higher, Achieving More, Together!

Some lessons will be recorded that are streamed by teachers so that we can provide them to any pupils who may have been absent and to allow the review of lessons once they have been delivered.

We will capture an audio and video feed of teachers and the audio feed of any pupils who wish to verbally contribute to the lesson. If a pupil does not wish to speak then can raise their question using the chat function, the chat is recorded but is separate from the video feed and will not be seen in any playback of the video. The chat data is recorded and kept in the same way video data is stored as outlined below.

The data will be recorded by Google Classroom and stored as a file on the teacher's school Google Drive, access to these files is only by members of staff. Requests for the recorded lesson may be made to the relevant member of staff who will provide the video footage as a resource in Google Classroom the footage may only be used for the purposes of learning and is not to be shared for any other purposes or uploaded onto social media, such a breach of these guidelines will result in individuals being personally liable for prosecution under section 170 of the Data Protection Act 2018)

We rely on the legitimate interests of the School's need to deliver education for this footage to be recorded, this is covered under Article 6(1)(f) of the General Data Protection Regulations (GDPR).

The School will not share recorded footage for any other purpose without prior consent from the individuals who are included in the footage unless any other legal reason requires us to do so (such as safeguarding, professional conduct etc)

Recorded lessons will be kept for 30 days, after which they will be deleted from the system.

If you have any concerns, please contact the Head of School and for further information regarding your data protection rights please view the appropriate privacy notice, these can be found on the school websites or by request via the school office.
