

Pre-School Summer 2 – Overview

3-4

Focus Question- How do I get about?

Also this half term...

- September Reception starters will begin to rotate lunch in the hall.
- Sports day games over the period of a week.

Hope everyone has a lovely summer! Good luck to those moving on, see everyone else in September.

Physical- We will be practising and developing our gross motor skills by travelling along a variety of obstacle courses, using our bodies in different ways such as crawling, jumping, curling up and stretching. This will also be in preparation for our 'Sports Week'.

Communication & Language- We will spend time encouraging the children to share their own experiences of travelling to different places and talk about the different types of transport they have been in and seen in the environment, such as cars, buses, trains etc. We will also play sound lottery games to help the children identify initial sounds of words.

Personal, Social & Emotional- We will have a focus on the importance of children listening to and following instructions which keep them safe when crossing the road or travelling in the car. We will continue to do our 'Core Practice' each session. We will begin conversation about the changes after summer- children moving on, new classmates, new classrooms and new teachers.

Literacy- Exploring the story, Whatever next? We will be looking at how the bear makes his way into space and what he uses to get there, discussing transport options. We will be exploring 'sound lotto' games, listening for sounds familiar to us.

Maths- On the craft tables, we will be using shapes and junk modelling to create arrangements and build our own transport. On our walks around the neighbourhood, we will be looking at the shapes that make up a vehicle, for example, two round wheels for a bicycle, and looking for numbers around us on signs and number plates.

Understanding the World- When possible, we will be taking walks around and exploring our local area; looking at the different modes of transport we can see and how to be safe as we get about; taking note of road signs, zebra crossings and the world around us.

Expressive Arts & Design- Our craft area will be stocked full of a variety of junk modelling, and we will be encouraging the children to create their own vehicles. We will sing nursery rhymes such as 'The wheels on the bus' and 'This is the way we cross the road' during our carpet time.
