

## Robin's Class Overview- Summer Term 1

Here is our topic for this half term, please use it to support your child's learning.

### As Linguists we will:

- ❖ Have daily phonics and spelling lessons revising and learning our phonemes and spelling rules (Read, Write, Inc).
- ❖ Create our own poetry.
- ❖ Have back and forth conversations with an adult and other peers.
- ❖ Read individual letters and digraphs by saying the sounds for them.
- ❖ Write simple sentences that can be read by others.
- ❖ Learn out set 2 read, write, inc sounds.
- ❖ Learn how to use question marks correctly (y1).
- ❖ Study and write non-fiction texts (y1).
- ❖ Sequence our own sentences together to form a short narrative (y1).
- ❖ Prepare for year 1ns phonics screening (year 1).

### As Mathematicians we will:

- ❖ Recognise, count, represent, and understand numbers to 20 (R).
- ❖ Compare and order numbers to 20 (R).
- ❖ Sort and match and compare and order (R).
- ❖ Multiple and divide numbers using objects and pictures (y1).
- ❖ Find halves and quarters of shapes and quantities.

### As Athletes we will:

- ❖ Take part in two outdoor sessions of Physical Education per week.
- ❖ Move in different ways (gymnastics).
- ❖ Learn how to work with others in team games and prepare for Sports Day.

## The Big Question: Are all vegetables evil?

Focus book- 'Supertato'.

### As Citizens we will:

- Learn about why it is important to stay healthy.
- Sort healthy and unhealthy food.
- Look after the plants and grounds in our school.
- Find out where food grows locally.
- Learn about and use our Christian value in day to day school life.
- Talk about qualities in a friend or person.
- Self-acknowledgement.

### As scientists and investigators:

- Learn about oral hygiene and why it is important to clean our teeth.
- Learn how to grow my own plants and vegetables and talk about conditions and environments for healthy growth.
- Make predictions about what will happen to things that I plant.
- Observe changes in state (e.g plants growing, observing what happens when celery is placed in different coloured water).
- Learn about different parts of a plant and make detailed observations.

### As Artists and Design Technologists we will:

- Paint and create pictures from observation.
- Use different vegetables and mediums for printing.
- Express my own ideas by using different materials and instruments to create my own vegetable superhero or villain.
- Talk about how different music makes me feel.
- Create a healthy meal and taste different foods.

### As Computer Technicians we will:

- = Learn how to keep safe when using the computer and internet.
- = Record simple digital results.
- = Use cameras to record digitally and make observations.
- = Learn to type simple words and sentences.
